GERMANY IS CHECKED, SAY REPORTS

Big Russian Force Landed In France To Join Armies Of Allies

HUNDRED MILLION REVENUE NEEDED, SAYS WILSON; CONGRESS ACTS

RUSSIAN VICTORIES GROWING AND MEN ARE SPARED NOW TO HELP ALLIES ON FRENCH SOIL

[Associated Press service by Federal Wireless.]
LONDON, Eng., Sept. 4.—It is reported here that the Russian force which has been landed on French soil to join the Allies already consists of 80,000 men. They were taken from Finland on British transports by way of the Arctic ocean around the British Isles.

A constant stream of empty ships has been leaving Liverpool since war was declared.

GERMANY SENDS SOLDIERS TO GALICIA

VIENNA (via Rome), Sept. 4.—A German army corps has been hurried into Galicia to aid the defeated Austrians there.

RUSSIANS MASTER OF EASTERN GALICIA

LONDON, Eng., Sept. 4.—A correspondent of the London Times who has been with the Russian staff in the fighting in Galicia says:

"The Russians numbered 200,000 men and had 500 guns. Russia has now put out of action the whole of the Austrian first line. The car's forces have taken a fourth of all the Austrian artillery commands and all Galician roads into Hungary."

"The Lemberg defeat is the beginning of the end. The retreat southward of such an enormous force, in conjunction with the rout of the army intended to screen the retreat, spells overwhelming disaster."

"Garrisons 20 miles westward along the railway are now preparing to evacuate. The possession of Lemberg, which is the junction of eight important railways, renders Russia absolute master of all eastern Galicia."

AUSTRIA GIVES UP SERBIAN CAMPAIGN?

LONDON, Eng., Sept. 4.—A despatch to the Chronicle from Ostend says that a tourist who has arrived there from Budapest, Austria-Hungary, reports that the Austrian city is in complete despair because the Austrian campaign against Serbia has been practically abandoned. People believed that one sharp stroke would be sufficient, yet after a month of the campaign not a solitary Austrian soldier remains on Serbian soil.

Many believe that the collapse of the dual empire is inevitable.

TWO GERMAN AEROPLANES SMASHED

LONDON, Eng., Sept. 4.—A Paris despatch to the Exchange Telegraph Company says that two German aeroplanes flying over Paris on Wednesday were brought down, one at Chelles and the other at Champigny. The aeroplanes were winged by French gunners and fell to the earth, the crews being killed.

ZEPPELIN FUSILLADED AT ANTWERP

ANTWERP, Belgium, Sept. 4.—A German military Zeppelin appeared hovering over the city at 3:55 o'clock this morning. An instant and sharp fusillade burst from the Antwerp forts. The result is yet unknown.

AUSTRIA'S ARMY IS BADLY SMASHED

PETROGRAD (St. Petersburg), Russia, Sept. 4.—That Austria's army has been badly smashed by the fierce Russian attack is shown in an official announcement and the proclamation which gives details of the victory.

The Russian commander-in-chief, Grand Duke Nicholas, has telegraphed to the czar:

"With extreme joy and thanking God I announce to your majesty that the victorious army under General Russky has captured Lemberg at 11 this morning. (Note—This despatch was dated last Thursday.) General Brussiloff's army has also taken Halicz."

"The Austrians there left 4500 dead and 32 cannon. Southward before Warsaw the Austrians have been repulsed and the Russians have now taken the offensive."

"The Fifteenth Austrian division was completely defeated on August 26 near Laschoff (Lustschoff), Russian Poland. A division commander, one brigade commander, one division chief of staff were killed, a hundred officers and 4000 men wounded, one flag taken, and the field left strewn with dead."

"On Tuesday the Austrians tried to smash the Russian center between Lublin and Kholm. The effort failed. The Austrians then made a disorderly retreat during which they lost one ensign, one Maxim gun, and a thousand prisoners."

"On Wednesday hard fighting was resumed. The second Austrian army, constituting the covering force east of Lemberg, became panic-stricken and lost 20 more guns, making a total of 170 guns taken from the Austrians."

"The Russian advance continued uninterruptedly."

Last night there was a big Rice mass meeting in the Hilo armory. An opposition meeting which Stephen L. Deha attempted to hold on behalf of Kuhio failed to draw. The Rice meeting was a large one.

HOUSE LEADERS PLAN INTERNAL REVENUE TAXES

President's Message Specifies No Method, but Underwood Has Procedure Ready

[Associated Press by Federal Wireless]

WASHINGTON, D. C., Sept. 4.—President Wilson today delivered in person before Congress his message dealing with the necessity for additional revenue. The message asked Congress to raise \$100,000,000 yearly to meet the threatened deficit caused by the war with its attendant falling off of customs receipts. The president advised against borrowing money by selling bonds because of the present strain on the money market. He suggested no specific measures as to how to raise the necessary revenue. Immediately after the close of the joint session of Congress before which the message was delivered, Chairman Underwood of the House ways and means committee called a meeting of the committee to draft a war tax bill. It will be an internal revenue bill.

NEWS FROM VARIOUS POINTS INDICATES FORCED GERMAN ADVANCE IS BEING HALTED

Associated Press dispatches to the Star-Bulletin just before the second edition went to press this afternoon indicates that Germany's brilliant advance upon Paris has been checked. The seriousness of the check is not yet evident. It may be but temporary. According to the late news the right wing of the Germans, which has been cutting its way toward Paris at a rate that has astonished the world, and the left wing, have been stopped. The right wing is even reported as retreating on St. Quentin, 30 miles back from the position it reached yesterday.

[Associated Press service by Federal Wireless]

LONDON, Eng., Sept. 4.—Roundabout advices from Berlin call the fighting last Wednesday between Rheims and Verdun "the greatest battle in history."

The army of the German crown prince opposed General Joffre's center in this engagement. This is probably the same engagement of which official announcement in Paris today said that the Germans have been checked.

The report in Berlin is that 750,000 men were engaged in this conflict. If this is true, the French must have concentrated enormous forces at their center at the expense of their own left wing. This explains the rapid advance of the extreme German right on Paris, meeting the less opposition from the French left. GERMAN RIGHT REPORTED CHECKED

LONDON, Eng., Sept. 4.—A despatch direct from Ostend says that the German right wing is reported checked and now retreating on St. Quentin.

INTERNAL TROUBLES VEX AUSTRIA

COPENHAGEN, Denmark, Sept. 4.—A Vienna despatch through Wolff's News Agency, a German semi-official agency, says that the Russophili Galicians are causing Austria much embarrassment by supplying information to the Russians, fomenting desertions and stirring countless small insurrections. RUSSIAN ATTACK WELL HANDLED

LONDON, Eng., Sept. 4.—A German officer tells a war correspondent that Russia's system of espionage in East Prussia is enormous. By means of signal smokes and fires, lights and flashing mirrors, the Russian officers are kept acquainted with all German movements.

SERBIA FOMENTING AUSTRIAN REVOLTS

LONDON, Eng., Sept. 4.—A despatch to Reuter's from Rome says that the Serbian secret societies are hatching simultaneous revolutions in Bosnia, Herzegovina, Bohemia and Hungary.

LONDON, Eng., Sept. 4.—In appealing today for British volunteers, Premier Asquith said at Guild Hall:

"I have abundant grounds for pride and comfort in whatever direction I look."

Continuing, he said that nearly 300,000 already recruited Indian troops are now en route to join the colors.

"The empire," he declared, "is engaged with its whole strength in the bloody arbitrament of right versus might. We must neither underestimate the enemy's strength nor belittle our own resources."

GERMAN CAVALRY REPULSED

LONDON, Eng., Sept. 4.—A strong German cavalry detachment approaching Compiègne has been vigorously repulsed and obliged to abandon several guns.

LONDON, Eng., Sept. 4.—A despatch from Dieppe to the London Times, dated Thursday, says that the German vanguard is now only 25 miles from Paris.

"All yesterday the German advance wedged ahead," says the Dieppe despatch, "and is now forming the German right. It furiously forced its way toward Paris, battering the retreating French rear-guard through Creil, Senlis and Crepy-en-Valois. The concussion of the cannon was so near to Chantilly, 17 miles north of Paris, that windows were shattered in the town."

"The Germans are also near Soissons, to the south of Compiègne."

WILL PARIS SURRENDER EASILY?

LONDON, Eng., Sept. 4.—An unconfirmed despatch from Rouen to the London Chronicle says that the authorities of Paris are considering the advisability of a surrender to the Germans, in order that they may avoid the terrible destruction to property which will result from a bombardment if the Germans penetrate the outer fortifications, or first line defenses. ARMIES MANEUVER FOR POSITION

PARIS, France, Sept. 4.—Official announcement at 5:40 p. m. says:

"The opposing armies around Paris are not yet in contact. The maneuvering for position continues. The Germans have been checked at Verdun, and the French forces are successful in Lorraine and the Vosges. The situation is unchanged."

British Sea Victory as Well as Disaster Told in Guarded Messages

[Associated Press service by Federal Wireless]

LONDON, Eng., Sept. 4.—News has been received here of more British sea victories. A British submarine sank a German aeroplane floating disabled 60 miles off Harwich. The aviator and the mechanic were rescued.

A British cruiser sank an Austrian steamer, the Bathoni, in the Bay of Biscay this afternoon.

BRITISH DISASTER AT SEA

LONDON, Eng., Sept. 4.—A heavily-censored despatch received from London this afternoon indicates that an antiquated British torpedo boat while speeding in an attempt to assist an unnamed merchant vessel, struck a mine and sank. The merchant vessel had already struck a mine and was in distress. Five persons are missing, including the skipper of the merchantman.

GERMAN STATEMENT IS IMPORTANT

BERLIN, Germany, Sept. 4.—(By direct wireless.)—It is confidently expected in Berlin that the duke of Albrecht's army and the crown prince's army will soon reach Chalons and Verdun, two French points which the German staff believes will easily be taken. The taking of Toul and Epinal may delay Prince Rupprecht and General von Heeringen, but this is considered unimportant. Those towns are no longer strategically valuable.

While the French retain Belfort, raids in Upper Alsace are expected, but it is stated that these are not affecting the general result.

Austrian 12-inch mortar guns have been effectively helping to reduce the northern forts.

GERMAN COUP IS FRUSTRATED

LONDON, Eng., Sept. 4.—A despatch to Reuter's Telegram Agency from Antwerp via Ostend at 6:15 p. m. says that apparently the German attempt to envelope the Allies' left wing has been frustrated.

[Associated Press by Fed. Wireless.]
